**Profiles** [in Zain Amjad](#) [MZainMehtar](#) [Zain Amjad](#)

**Summary** I'm a passionate software developer with a strong love for web development and creating innovative, user-friendly digital experiences. I enjoy building modern web apps, learning new technologies, and solving real-world problems through code. When I'm not coding, you'll likely find me exploring the outdoors, getting lost in a good book, or experimenting with new recipes in the kitchen.

**Experience**

**NSAi** **August 2024 - Present**  
Back End Developer

**Projects**

**Story Gennie** **October 2023 - May 2024**  
AI-generated bedtime stories for children.  
<https://www.storygennie.com>

**Story Gennie** is a project close to my heart. It's an AI-powered storytelling web app, built with the **MERN** stack during my Final Year. It lets you create magical, personalized bedtime stories in multiple languages, turning imagination into words.

**RoastYa** **May 2025 - May 2025**  
AI-powered playful roasts for users.  
<https://www.roasty.com>

**RoastYa** is a fun AI-powered web app I developed for a Fiverr client as a freelance project. It playfully analyzes user inputs and delivers light-hearted, personalized roasts, proving that humor and AI can go hand in hand.

**Labubu Chatbot** **June 2025 - June 2025**  
Kid-friendly AI chatbot with Labubu characters.  
<https://labubu-chatbot-1kou.vercel.app>

**Labubu Chatbot** is a kid-friendly AI-powered chatbot I developed for an Upwork client. It features 20 playful Labubu characters, offering safe and engaging conversations for children. Built using **Next.js** and **Tailwind CSS**, it combines fun with functionality.
